### PHILADELPHIA AT LAST WAKES UP

PHILADELPHIA, Oct. 24.—The American league and world's champions reached home from their victorious trip to Chicago this evening and were given a rousing reception by the fans, headed by Mayor Reuburn. Although extra precautions had been taken to prevent the crowd from entering the Pennsylvania station, the riotous outburst of the fans, hundreds lined up at the ticket windows and purchased tickets to nearby stations, thereby crowding the big station to overflowing.

A hurry call was sent to police stations and 300 policemen were soon on the scene and kept the crowds back from the entrances.

When the train pulled into the station the players almost had to fight their way to the street, where 20 automobiles and the first regiment band were waiting.

Headed by Mayor Reuburn, the players were escorted to the Bellevue Stratford hotel.

The players were entertained at a dinner, which lasted until 8 o'clock, when the victors were taken to a local theater. Here they attracted more attention than did the actors.

## ABE ATTEL DEFEATS JOHNNY KILBAN

KANSAS CITY, Oct. 24.—Abe Attel won a decision over Johnny Kilban of Cleveland, Ohio, after ten rounds of fighting here tonight. The champion's title was never in danger from start to finish.

"He is only a jumping jack," commented Attel after the fight, and the remark tells the story of the battle about as well as it can be told.

Kilban, except in the eighth round, was on the retreat. Attel continued to follow his opponent about the ring, hoping to get near enough to land. But the champion usually had to get the Cleveland fighter in a corner before he could put in a telling punch. Attel directed the majority of his blows for the wind, but he drove home enough choppy lefts and rights to Kilban's head to mark the Cleveland fighter.

There was no blood drawn by either man.

At the beginning of the ninth round Attel dropped his arms and asked Kilban to come in, but the Cleveland fighter was wary and stayed away.

Teddy Poppers and Attel posted a \$500 forfeit at the ringside for a fight for the title.

## LATONIA RESULTS

LATONIA, Ky., Oct. 24.—Cherryola won the Latonia Autumn Inaugural at a mile and a sixteenth today by half a length, in a driving finish. More than 5,000 spectators saw the finish.

Results:

First race, five and a half furlongs—Hestiate, straight 48.20, won; Pinnex, place 1.40, second; Yar Jog, show 1.30, third. Time, 1:07 2-5.

Second race, six furlongs—Sydney R. Strait, 36.40, won; Melver, 9.00, second; Star Chamber, 3.60, third. Time, 1:13 2-5.

Third race, mile and 70 yards, selling—Camel, 12.30, won; Queen Margaret, 8.40, second; Carlton G., 3.30, third. Time, 1:44 2-5.

Fourth race, Latonia Autumn Inaugural, mile and a sixteenth—Cherryola, 9.90, won; Countess, 3.80, second; Tom Hayward, 5.40, third. Time, 1:46.

Fifth race, six furlongs—Mellande, 2.70, won; Prince Gal, 3.80, second; Ella Bryson, third. Time, 1:11 4-5.

Sixth race, mile and an eighth—Royal Report, 5.00, won; Charles F. Granger, 5.30, second; Azo, 5.70, third. Time, 1:53.

## PIMLICO RESULTS

BALTIMORE, Oct. 24.—The Greater Baltimore stepphase at Pimlico today was simply an outing for Selectus, which took the measure of Jimmy Lane and Thistledeale. The second race of the day, at a mile and 70 yards, for 3-year-olds and up, went to Hilltop in a pretty finish.

Results:

First race, six furlongs—Chilton Queen, 3 to 1, won; Charlie Hargrave, 7 to 10, second; Tontata, 15 to 1, third. Time, 1:13.

Second race, six furlongs—Hilltop, 1 to 1, won; Indora, 10 to 1, second; Mollie S., 7 to 1, third. Time, 1:14 3-5.

Third race, mile and 70 yards—Hilltop, 1 to 1, won; Our Hannah, 10 to 1, second; Matinee, 10 to 1, third. Time, 1:45 1-5.

Fourth race, the Greater Baltimore stepphase, two miles—Selectus, even, won; Thistledeale, 6 to 1, second;

Jimmy Lane, 7 to 2, third. Time, 4:01 3-5.

Fifth race, mile—Sand Hill, even, won; Supervisor, 12 to 1, second; French Girl, 12 to 1, third. Time, 1:42 1-5.

Sixth race, New Howard purse, mile and an eighth—Bonnie Kelo, 2 to 5, won; Everett, 7 to 2, second; Keybourne, 15 to 1, third. Time, 1:52 2-5.

## COAST LEAGUE

Portland.....19 1  
San Francisco.....2 10 1  
Batteries—Seaton and Fisher; Miller and Breyer.

## Sickness and Disease Caused by Eating Unclean Meats

### PROTECTIVE MEASURES AVAILABLE

In the Morning Examiner of June 26th, the following description is given of one of the local slaughterhouses by "An Old Subscriber": "Here is a place where the meats we eat are prepared. The blood from the animals slaughtered runs through the cracks of the floor. The entrails are thrown right outside the door (in under the floor and outside the door) in all of this corrupt matter, the maggots thrive by the millions. The meats that are put on the blocks the next day in Ogdan hang in the center of these disease-breeding surroundings, the air so foul that it compels neighbors for miles around to complain."

"To complete the scene, we have swarms of flies alighting on this corruption and carrying this filth onto the meats, and yet we wonder where all our sickness and disease come from when such meats actually are sold at some of what we call our best meat markets in the city."

Compare above with the following extracts from U. S. Regulation No. 10: Governing U. S. inspected packing plants:

Section 3. "Official establishments shall be suitably lighted and ventilated and maintained in a sanitary condition, and shall be provided with efficient drainage, having properly trapped or other approved sewer connections."

Section 4. "Ceilings, walls, pillars, partitions, etc., shall be kept in a sanitary condition, and when necessary, they shall be washed, scraped, painted or otherwise treated as required."

Section 5. "All trucks, trays and other receptacles, all chutes, platforms, racks, tables, etc., and all knives, saws, cleavers and other tools, and all utensils, machinery and vehicles used in mixing, handling, cutting, chopping, moving, canning or other processes, shall be thoroughly cleaned before using."

Section 7. "Persons affected with tuberculosis or any other communicable disease shall not be employed in any of the departments of establishments."

Section 9. "The rooms or compartments in which meat or meat food products are prepared, cured, stored, packed, shall be kept free from flies and other vermin by screening, or other methods."

Section 11. "All yards, fences, pens, chutes, alleys, etc., belonging to the premises of such establishments, whether they are used or not, shall be maintained in a sanitary condition."

Section 12. "Butchers who dress or handle diseased carcasses or parts and clean their hands of all grease and then immerse them in a prescribed disinfectant and rinse them in clear water before dressing or handling healthy carcasses."

There is only one government inspected plant in operation in Utah. This is the plant of the Oden Packing & Provision Co., with Ogdan and Salt Lake City as its main distributing points. Here the government has stationed one Veterinary surgeon and two meat inspectors to see that all the above regulations are complied with, besides a host of others.

You guard in many ways against disease, but if you use uninspected meats, you allow disease to enter your home.

To use inspected meats will reduce your doctor bills, eliminate sickness and suffering and prolong the lives of yourself and family.

Government inspected meats are handled exclusively at the meat markets listed below. Is your market listed?

Sawyer Bros., Chicago Market; Ballard & Bell, California Market; Dick & Son, Ogdan Meat Co.; Moulding Meat & Grocery Co.; Wright Meat & Grocery Co. and Seager Meat & Grocery Co.

H. E. Crocker and party, consisting of eight people, came in over the Union Pacific in a private car yesterday and after a brief stop in Ogdan left over the Southern Pacific for the coast.

Mr. Crocker is a son of the late Charles Crocker, who was one of the financiers interested in the building of the original Southern Pacific line.

In Mr. Crocker's party were several prominent New York men of finance.

## OPENING OF NEW STREET

City Council Takes Action Extending Lincoln Avenue From Twenty-first to Twentieth.

Much Business Transacted at the Regular Session of the City Solons.

At the city council meeting last evening it was definitely made known that Lincoln avenue, between Twentieth and Twenty-first streets, will be opened in the near future. A communication from Attorney Harry L. Williams, offering the property of the Utah Light and Railway company in the district where the avenue is to be opened as a donation for street purposes, was read, and the donation accepted. City Attorney De Vine recommending that it be done. The terms of the donation are that the company will not be taxed at any time for the paving of the avenue at the point where the property abuts the avenue, and that the city shall remove a part of the gas plant which is on the property donated, unless it be found that the salvage will pay for the removal.

It was also stated that other property owners along the avenue between the streets mentioned had agreed to the opening of the avenue and that as soon as the Lincoln avenue special committee reports conclusions on the subject, notice of intention of opening the avenue will be published.

No Interest on Special Taxes. City Attorney De Vine reported that the treasurer be advised to waive all accrued interest up to the time of the opening of Hudson avenue, and the report was adopted. The communication was offered by the city attorney, because of an inquiry by Treasurer Farr as to what method he should follow in the collection of special taxes for the opening of Hudson avenue. It seems that the taxes, in some instances, were due before the notices were sent to the property owners.

The sidewalk committee reported that the parties on Chinds avenue, between Twenty-eighth and Twenty-ninth streets, where the sidewalk paving has not been made shall proceed to make it and that if they do not do so that part of the walk not built will be included in another district. The report was adopted. The matter was brought to the notice of the council in a communication from Benjamin Johnson, at the last session of the council.

Brown to Succeed Newey. The appointment of M. E. Brown to succeed Henry Newey as fireman, was confirmed on the recommendation of the fire committee. The vote to confirm being 5 to 3. Browning, Austin and Wilson voted against the confirmation. It was explained by Councilman Dana, chairman of the fire committee, that Newey was asked to resign because he had disobeyed orders in making a run with the fire wagon on Washington avenue instead of Grant and that in so doing had run against a horse and a crippled fire to the extent that it cost \$125 for damages.

Plats for New Street. The city engineer reported that plats for Lincoln avenue, between Twentieth and Twenty-first streets, were in readiness for the use of the council. They were approved and ordered filed.

The tax committee and the city attorney reported that the council should give a quit claim deed to the heirs of the Lorin Farr estate, but that it should not be executed until such time as the city engineer can furnish plats and surveys showing the exact boundary. It was the property in question is situated in the Glenwood Park section of land in the northern part of the city.

The auditor reported that there is bond interest due in the sum of \$943.29 and she was instructed to draw a warrant for the amount.

The sum of \$24 was allowed L. B. Stevens as dog tax collector. Mr. Stewart claimed the amount as commission for catching dogs and collecting licenses.

Salt Lake Plumbers Get License. Davison and Morse of Salt Lake were granted a plumbers' license. They have the contract for the installation of plumbing in the Mattson building on Lincoln avenue and Twenty-fifth street.

Three hundred workmen petitioned the council to repeal the present bicycle ordinance regarding the riding of wheels on sidewalks, or extend the privilege of riding on the walks during the winter months, to men who have travel long distances on wheels and from their work at morning, noon and night. The matter was referred to the police committee and the city attorney, they to report their findings to the council next Monday night.

Want License Reduced. A number of men running job wagons in the city asked that their license be reduced, they claiming that the present tax is altogether more than they can bear and make a living with their job wagons. The question was handed to the tax committee and the city attorney for consideration.

Ordinance Providing for Sewer District No. 108 passed its first and second reading and was referred to the law committee and the city attorney.

Opinion on Opening New Street. On motion of Councilman Humphris, it was ordered that the city attorney submit a written opinion at the next meeting of the city council regarding the legality of the city ordinance providing for the opening of Hudson avenue.

Councilman Barker recommended that the grade on Harrison avenue between Oak avenue and Nineteenth street be changed and that the engineer be instructed to survey a new grade. The council voted to have it done.

The committee on buildings and grounds was instructed to investigate the matter of prices that are being charged for coal. The janitor reported that he had been placing his stamp of approval on coal bills that included the price of hauling. The understanding of the council is that the contract for coal is a flat rate per ton, delivered.

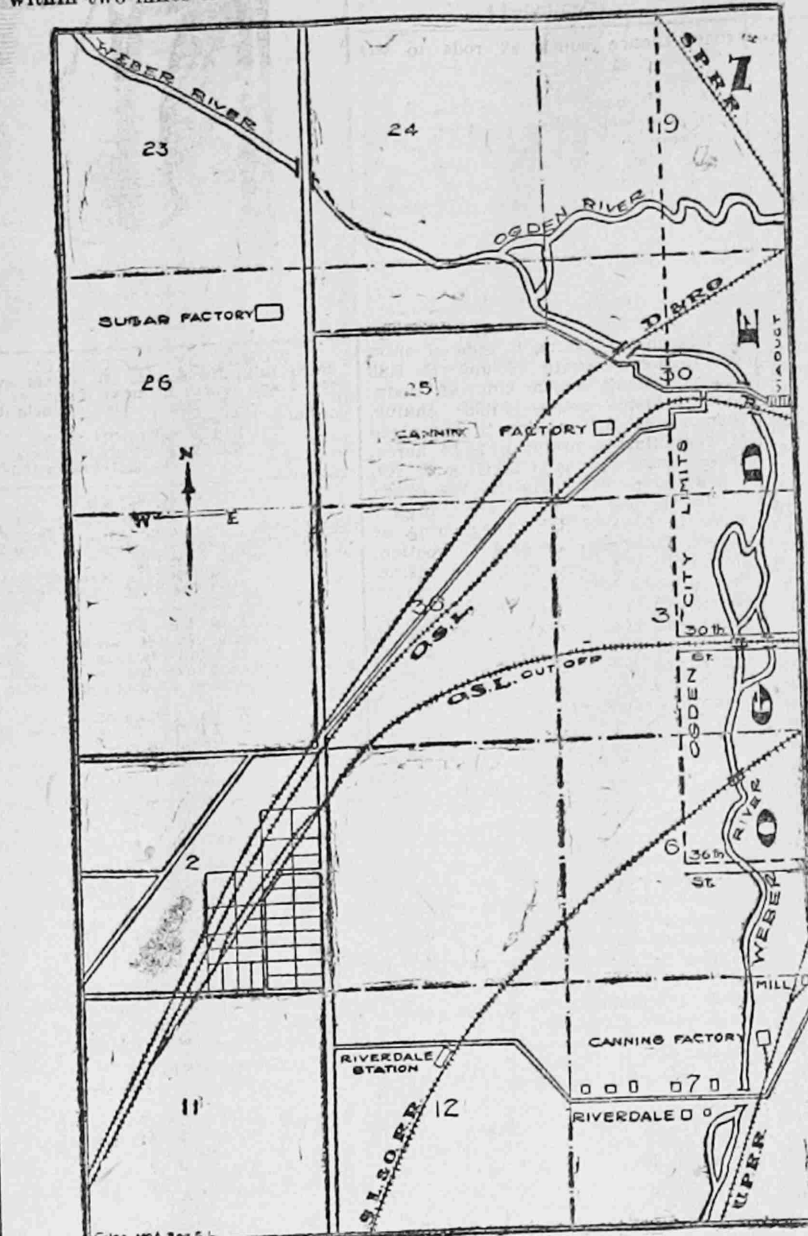

The council adjourned for one week.

FLAMES DESTROY BARTON RESIDENCE

Salt Lake, Oct. 25.—Fire at 12:40 o'clock this morning destroyed the home of Mrs. Georgina C. Barton, 410 North Main street and a carpet-clean-

## Bargains in Small Tracts of Orchard and Garden Lands NEAR OGDEN CITY

We are authorized to offer at private sale, any or all of a tract of 200 acres located within two miles of the 24th Street viaduct, within two miles of two canning factories, and within two and one-quarter miles of the sugar factory.

The Northeast corner of this tract is crossed by the O. S. I. and D. & R. G. Railroads. The former has a sidetrack on this land where freight cars can be loaded or unloaded.

The Bamberger Electric Road from Ogden to Salt Lake has a station within 3.4 of a mile of this land, 15 minutes walk, where cars stop at intervals of 1 1-2 hours. This service begins at 6:10 a. m. and continues until midnight. Fare into town, 15 cents.

### THE SANDRIDGE

Has been demonstrated as one of the most successful fruit belts in the state. It is being covered from one end to the other with fine vineyards and orchards of peach, pear, cherry and apple trees. Small fruits of every kind are successfully grown. The land not planted to fruit is growing crops of alfalfa, grain and vegetables.

Between the rows of young fruit trees enough potatoes, tomatoes and beets are in many cases being harvested this year to more than cover the first cost of the land.

Because of the location and character of the soil, the season free from killing frosts is two weeks earlier in the spring and two weeks later in the fall.

You can take your choice of soils, including a sandy loam, a fine gravelly soil with north and west slope, or a deep black soil that WILL GROW ANYTHING, with or without water from fruit trees to any kind of vegetable you can mention. There is no alkali in this soil and never will be.

You can buy five, ten or more acres, facing on a road, and can take your choice of the unsold tracts at ONE HUNDRED DOLLARS PER ACRE. The terms provide that you pay down ten per cent of the purchase price and at once take possession of the land. The balance you pay in NINE EQUAL SEMI-ANNUAL PAYMENTS, with 8 per cent interest. The present owner pays this year's taxes.

If you desire at any time to pay cash in advance of the time when due you will be allowed a discount equal to 8 per cent interest.

### HERE IS YOUR CHANCE

To have a share in the future growth of the orchard and fruit industry of Weber county. You can live on this land and work in Ogden, or you can have your home in the city and made daily trips to your land.

This whole tract lies under the Davis & Weber Counties Canal, by far the finest and most satisfactory water supply in the state and is surrounded on all sides by fields and orchards watered from that canal. Better see us and have us reserve one of these tracts for you.

## Hunter & Kennedy

OGDEN, UTAH

211 First National Bank Bldg. Bell Phone 115

ing establishment in the rear, entailing a loss of more than \$5,000. The fire department was more than 45 minutes getting from the station to the blaze, chiefly because of the Main street hill, and was of little assistance. When the department arrived most of the residence was in ruins.

The cleaning establishment was fitted with machinery and operated by electricity, and it is believed crossed wires caused the fire. The building was formerly a barn. The fire started there and spread rapidly to the Barton home, a seven-room frame and plaster building.

Lester U. Barton, and family also occupied the home, but all were out safely and some of the furniture was carried out.

## DECISION IN ALVORD CASES

According to Judge Howell's findings of fact and conclusions of law in three separate cases against J. L. Alvord, a discharge in bankruptcy is a release from indebtedness and the order was so made in the district court yesterday afternoon.

Three cases were commenced against Alvord, the plaintiffs being J. Larkin, J. L. Sparks and Abe Rose, each suing to recover on an account contracted before the defendant had applied for the privileges of the bankruptcy act. The aggregate sum sued for in the three cases was \$6,815.50.

## WONDERFUL CURE OF SORE HANDS

Skin Peeled and Flesh Got Hard and Broke—Blood Flowed in Fifty Places—"Single Box of Cuticura Ended Suffering."

"About eleven years ago I was troubled with sore hands, so sore that when I would put them in water the pain would nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do any good, as my hands were as do when I first began. I also tried many remedies, but none of them ever did me good. I was discouraged and heart sore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position."

"Before I started to work mornings I would have to wrap every finger separately, so as to try and keep them soft and then wear gloves over the rags. At night I would have to wear gloves all the time. After doctoring for three years, and spending much money, I was reduced to a state of despair. I had no more to lose, and I decided to try Cuticura. I used it as directed, and after only a few days I was able to work again. I am now well and happy. I have no more trouble with my hands. I have been using Cuticura for three years, and I can say that it is the best remedy I have ever used. I have recommended it to many of my friends, and they have all been cured. I have been using Cuticura for three years, and I can say that it is the best remedy I have ever used. I have recommended it to many of my friends, and they have all been cured."

A single box of Cuticura Soap and Ointment is often sufficient to cure the most obstinate treatment for skin diseases of the skin and other ailments throughout the world. Cuticura Soap and Ointment. Sole Proprietors, 135 Columbia Ave., Boston, U.S.A.

and were debts contracted with the plaintiffs in the purchase of cattle about November 10, 1909.

It is stated in the findings of fact, made a matter of record in the district court, that the defendant at the time of purchasing the cattle made payment for them in checks on the Commercial National Bank of Ogden, which were returned by the bank for the reason that the defendant had no funds in the bank, but that the defendant had not represented to the parties when he issued them the checks that he was solvent, and, further appeared, that he had entered into a kind of agreement with the bank for credit in the sum of some thing like \$5,000. It appeared that the defendant fully expected that the checks would be honored by the bank.

After the purchase of the cattle and subsequent to the disposal of them, the defendant went into voluntary bankruptcy and, after due process of law, was discharged. The court holds that the discharge from bankruptcy is a release of all obligations unless a release be shown and that in the cases at the bar the court does not consider that fraud is proved.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S sign.

## JURORS FOR THE NOVEMBER TERM

The following jurymen have been summoned to serve the second district court as trial jurors for the November term:

Ogden—Geo. W. Koopp, Jas. E. Ballantyne, Frank Fowler, Herman A. Landin, C. W. Brooks, Jos. B. Moore, Fred P. Sanborn, Robt. M. Toy, Willard Kay, Chauncey L. Dana, Frank M. Wright, David Evans, Henry L. Malan, Wm. W. Davis, G. H. Butler, Parley G. Butler.

Wilson—David M. Pingree.

Slaterville—Chas. M. Webb.

Kanesville—Robt. R. Todd, Thos. W. Peck.

West Weber—David W. Hancock.

Hooper—W. H. Atwood.

Warren—Chas. R. Bullock.

Burch Creek—Robt. M. Burch, Jr.

Henry Huseman.

Pleasant View—Clarence E. Storey.

Marriott—Robert Cowan, Geo. A. Hodson.

Huntville—C. Fred Schady.

Marriott—Timothy P. Terry.

## COUNTY WILL CUT DOWN EDEN HILL

County Surveyor H. J. Craven has reported to the county commissioners that the grade on the Eden hill, over which the county road passes, may be reduced to about 5 per cent on the upper hill and 1 per cent on the lower hill. Upon this showing the commissioners have ordered that the grade be reduced in both instances.

The new plans for Huntville and North Ogden are reported ready for use and they have been placed on file for future reference and use.

County Road Commissioner Childs has been authorized to open a road

from the Burch Creek school house east to the Utah road.

Advices from the state land board are to the effect that it is more than likely that the warrants issued for work done on the state road in Weber county, in the Burch Creek and Pleasant View districts, cannot be paid until about Nov. 15. The secretary of the state board reports that there are no funds now available. This means that parties who have done the work will have to wait for that part of the pay due from the state until funds are received.

## COMPANY SECURES ANOTHER THEATER

The Alhambra Theater company, an Ogden concern and the syndicate which controls a score of moving picture houses in the intermountain district, continues to grow and extend its operations, as is shown by the fact that it has just gained control of the Lyric theater at Logan.

J. M. Crocker is also now engaged in erecting a new theater for the company at Rock Springs. The Alhambra company is composed of Albert Scofield, H. A. Sims, Charles Zelmer, W. W. Hodgkinson and others including the several local houses this company controls eighteen moving picture theaters in Utah, Idaho and Nevada.

## BRIGHTMITS TO COME TO OGDEN

Manager Goss of the Orpheum theater is making arrangements to inaugurate a Brightmitch night at the local playhouse. If he is successful, Friday night will be set apart as special night for the residents of the Big Elder city.

Accompanied by Superintendent Joseph Bailey of the Rapid Transit company, Manager Goss will go to Brigham today to make the final arrangements. The traction company which operates the electric line between Ogden and the Peach city has promised to make a special rate to those attending the Orpheum on Friday night.

### FOR PEACE CELEBRATION.

New York, Oct. 25.—The Peace Society of New York will appoint a na-

tional committee to urge upon congress an appropriation for an international celebration next year, in honor of the completion of one hundred years of peace between the United States and Great Britain.

## POLICE RID CITY OF UNDESIRABLES

By arresting every suspicious character and giving them a limited time in which to get out of the city, the local police are preparing to cope with the usual fall exodus of criminals from Denver and other eastern cities who are on their way to the coast cities for the winter.

The plan of the local police is to make Ogden as unpleasant as possible for this class of visitors, and their stay will therefore be brief. Few if any of the criminals driven out of Salt Lake during the recent crusade by the special deputy sheriffs have come to Ogden.

## THEATRE

"BILL" FLEMEN'S GREAT ACT.

In the criticism of the Orpheum appearing in yesterday's issue of the Standard comment on the act of William Flemen and company was inadvertently omitted. The act is one of the best slinky slinky acts that is on the road this season. The slinky is that rich delicious kind that does not offend and which never fails to please the most blasé.

The sketch portrays a prize fighter, Nick Clancy, who gets into the home of a banker by mistake. While there he falls in love with the banker's daughter, thinking she is a servant. When he finds out his error he apologizes and takes his leave.

In the role of Clancy, William Flemen is capital. He is a clever artist with an original conception of a slinky pleasing character. He does not overdo the part but depicts the prize fighter as a human being who is a gentleman regardless of the calling.

Miss Mina Derby, as the banker's daughter and E. J. Mack as the banker, ably assist in making Flemen's "Back from Boston" act the real headliner of this week's Orpheum bill.

Bamberger Brothers Visit Ogden.—Sid Bamberger, vice president of the Bamberger electric line, and his brother Julian were in Ogden yesterday.

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health, if she is not prepared her system in advance for the important event.
